Dear Mikela,

August 21, 2006

I have forward your letter on to Roger Yomba Ngué, director of our French division. However, as the International director of the IIGL program, I wanted to express my gratitude for the generous grant of \$5,000 for our French division. This will go a long way toward training a new generation of conscious, heart-centered leaders in French speaking Africa....

Once again, thank you for your support.
